ABOUT ME

Results-driven Senior Software Developer combining deep expertise in frontend technologies (HTML, CSS, JavaScript, Wordpress and AEM) with hands-on leadership experience. I excel at transforming designs into responsive, accessible web experiences while mentoring teams and driving continuous improvement. Proven track record of tackling challenging technical blockers, from building dynamic carousel solutions to leading comprehensive design system overhauls, while maintaining code quality and industry best practices.

WORK EXPERIENCE

01/12/2025 - CURRENT - TIRANA, ALBANIA

AEM CONTENT AUTHORING LEAD / WEBSITE ASSEMBLER INDEGENE (CLIENT: ASTRAZENECA)

- **Assembled, managed, and published** web content using Adobe Experience Manager (AEM) for **AstraZeneca** digital platforms.
- Created and customized web pages, templates, components, and landing pages following brand and project guidelines.
- Integrated text, images, videos, and multimedia assets while ensuring responsive design using HTML, CSS, and media queries.
- **Collaborated with designers, developers, content teams, SEO specialists, and client stakeholders** to deliver high-quality web content on time.
- Performed **quality checks**, **cross-browser and cross-device testing**, and **troubleshooting** to ensure content accuracy, functionality, and performance.
- Provided support and guidance to content editors on AEM usage, publishing workflows, and content updates.

01/04/2021 - 30/11/2025 - TIRANA, ALBANIA

SENIOR SOFTWARE DEVELOPER / WORDPRESS EXPERT MOVEO S.R.L.

- Developed and maintained reusable frontend components (HTL, JavaScript, SCSS) for Sisal.it, aligning with AEM templates and content models to empower content authors.
- Led key UI enhancements, including refactoring game cards and implementing a complex dynamic mosaic carousel, translating design requirements into scalable technical solutions.
- Collaborated with cross-functional teams to resolve rendering issues, ensure responsive mobile-first design, and optimize platform performance.
- Mentored team members on AEM architecture and best practices, while maintaining technical documentation and managing version control via Git in Agile workflows.
- **Cross-Platform Support:** Frequently assisted the WordPress team by resolving complex design implementation challenges that exceeded standard template capabilities.

30/09/2019 - 31/03/2021 - TIRANA, ALBANIA

FRONTEND WEB DEVELOPER IMEDIA PART OF CELESI MEDIA GROUP

- Designed and developed **responsive, user-friendly websites** using HTML, CSS, and JavaScript.
- Built, customized, and maintained **WordPress CMS websites**, including theme customization and plugin integration.
- Supported **content editors and non-technical users**, ensuring content could be authored, updated, and published safely.
- Developed and optimized **e-commerce platforms**, improving usability, performance, and conversion

rates.

- Ensured websites followed **responsive design principles** and rendered correctly across all major devices and browsers.
- Managed web servers and deployments using hosting control panels.
- Optimized website performance, SEO structure, and implemented **security best practices**.
- Acted as a **team lead on selected projects**, coordinating tasks and ensuring timely delivery.
- Communicated directly with clients to gather requirements and align technical solutions with business goals.
- Assisted in onboarding and training junior developers and new team members.

30/06/2017 - 30/04/2019 - TIRANA, ALBANIA
